

AAA Partners with Bicycle Shop

Since expanding roadside service to bicyclists, AAA-The Auto Club Group is now partnering with various cycle shops in an effort to pedal additional benefits for cycling enthusiasts.

AAA-The Auto Club Group is proud to announce a partnership with The Cyclist's Cove, 4101 21st St. SE Ste. 6, Mandan. When AAA members shop at the store they can save 15% on bicycle parts and accessories.

AAA memberships also include free bicycle service:

- This member benefit is similar to the roadside assistance service AAA provides for automobiles.
- AAA Service Technicians assist members who they can safely reach from an accessible road or parking lot.
- The member's bicycle is secured to the service vehicle, and transported to a point of safety within the member's coverage: Classic (up to 5-miles), Plus (up to 100-miles), Premier (1 tow up to 200-miles).

“These discounts and services demonstrate our continued commitment to meet the needs of our members, especially those who are bicycle enthusiasts,” said Belinda Dabrowski, Managing Director of Partner Development, AAA-The Auto Club Group. “AAA has cyclists covered, whether you are purchasing bicycle gear, need roadside assistance, or want to learn how to safely ride your bicycle.”
